Decisions to lock today

Slido — Motion for Judgment (Q6): the 2021 deck answered "consider the merits"; a later draft flipped to "deny as the equivalent of a motion to dismiss." These are opposite. Pick one — and decide whether it runs as a live poll or as slide-only discussion.

Slido — 120-Day Clock (Q3): confirm the exact trigger wording (and that we say "Supreme Court," not the old "Court of Appeals").

Choice-of-law polls (Q10 & Q11): Justice [redacted] to approve the Tatung / Bonner wording.

- *Full question-by-question detail is on the separate Slido Faculty Decision Sheet (Keep / Revise / Cut).*

Slido placement at a glance (12 polls, spread across the afternoon)

- Welcome: opening check-in (how many AG matters have you handled).
- [redacted] / Process: which event makes a matter public.
- [redacted] / Hearing & Procedure: 120-day clock; nonconsecutive hearing dates; default & mitigation; motion for judgment; complainant testimony.
- [redacted] / FOFCOL: 45-day filing deadline; sufficiency of a credibility finding.
- [redacted] / Case Law: choice of law (Tatung); who sets the Maryland sanction (Bonner).
- Wrap: final reflection (open response).

Opinion-writing slides — now inserted

- Per Judge [redacted] the previously-used opinion-writing slides now sit between "Findings and Conclusions" and "Potential Pitfalls," reformatted to match the deck.
- 18 slides: Opinion Writing (Rule 19-727(d) + components), Proposed FOFCOL, Part I–III structure, the Conclusions-of-Law checklist, two excerpts, Opinion Writing Potpourri, Aggravating & Mitigating Factors, Review by the Court of Appeals (19-741), Sanction Recommendation, Remands.

- *Binders already went to print — these are in the on-screen deck; loose copies / a short insert can be made available day-of.*

Other open items (quick confirms)

- FY2025 docketed totals: both the Category and Locale slides now read TOTAL: 210 (the official figure). Confirm 210 is correct.
- Hamilton printed in full (Glennon orders + FOFCOL); [redacted] not printed — links only. Still need the Supreme Court ruling link for [redacted]
- Hecht: included per [redacted] deferring to [redacted] emphasis. Confirm the teaching excerpt is what you want.
- Bench cards: cardstock takeaway at the end (procedural + opinion). [redacted] edits already folded in.
