- Judge C
- Ms. G
- Dr. P
- Judge R

By the end of the day, judges will be able to:

01 Manage your traffic docket and courtroom more effectively, applying tools and techniques that improve outcomes and promote public confidence in our courts.

02 Handle problem drivers effectively, using the minor-traffic sentencing alternatives available and strategies and best practices that correct destructive and repetitive behavior.

03 Describe the MVA Graduated Licensing System and the Medical Advisory Board.

04 Explain the eligibility requirements for non-citizens obtaining a license in Maryland.

05 Know the nuts and bolts of masking and its consequences for commercial drivers.

The Day's Agenda

9:00 a.m. – 9:20 a.m.	Welcome	Judge B
9:20 a.m. – 10:00 a.m.	Managing Your Docket and Courtroom Control	Judge B
10:00 a.m. – 11:00 a.m.	Sentencing Alternatives and Problem Drivers	Judge C
11:00 a.m. – 11:10 a.m.	*Break*	
11:10 a.m. – 12:10 p.m.	MVA: Provisional and Out-of-Country Licensing	Ms. G
12:10 p.m. – 12:40 p.m.	*Lunch*	
12:40 p.m. – 1:50 p.m.	Medical Review of At-Risk Drivers	Dr. P
1:50 p.m. – 2:00 p.m.	*Break*	
2:00 p.m. – 3:00 p.m.	Masking and CDL Implications	Judge R
3:00 p.m. – 3:20 p.m.	Afternoon Application	All Faculty
3:20 p.m. – 3:30 p.m.	Wrap-Up and Q&A	Judge B

Managing Your Docket and Courtroom Control

Judge B

Learning Objectives

After this discussion, you will be able to:

01

Manage your courtroom more comfortably and effectively; &

02

Apply tools and techniques to your courtroom practices to help improve outcomes and promote public confidence in our courts.

Mission Statement

Reads in part that its mission is

> “to provide equal and exact justice for all who are involved in litigation before the Court.”

Mission Statement

The statement continues, that it is

"the sworn obligation of the judges of the Court to ensure that every case tried herein is adjudicated expeditiously, courteously, and according to law, and with the fullest protection for the rights of all who are involved, for the most extraordinary aspect of the judiciary in a free society is that even while exercising the vast authority entrusted to them, judges remain the servants, and not the masters, of those on whom they sit in judgment."

You Are the Face of the Judiciary

> "You have the ability in traffic court to influence how people perceive and view their government and the judicial system."
>
> Judge [redacted] District Court Hennepin County, MN (ret)

Traffic,

370,000 Annually!

Payable: preset fines for minor infractions

Must appear

Reckless driving / driving with a suspended license / driving without a license

TR §21-902: DUI / DWI

Parking / red light / camera / school bus / work zone

Promoting Public Confidence

The nature of judging:

01 Is not calling balls & strikes

02 Is exercising discretion

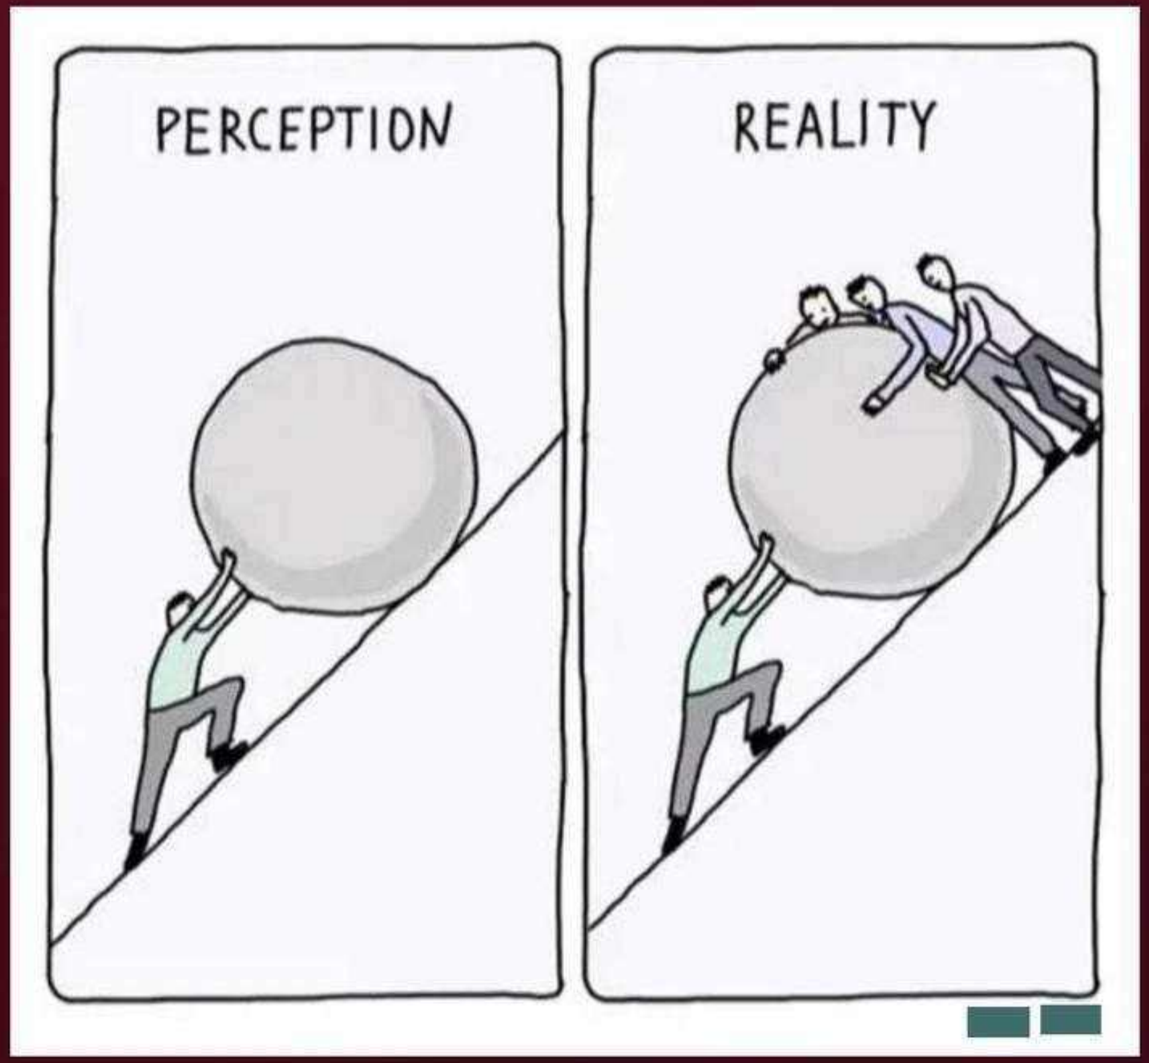

03 *"exactly what a judge should do cannot be fully described by specific formula"*

04 Fundamental fairness consistency

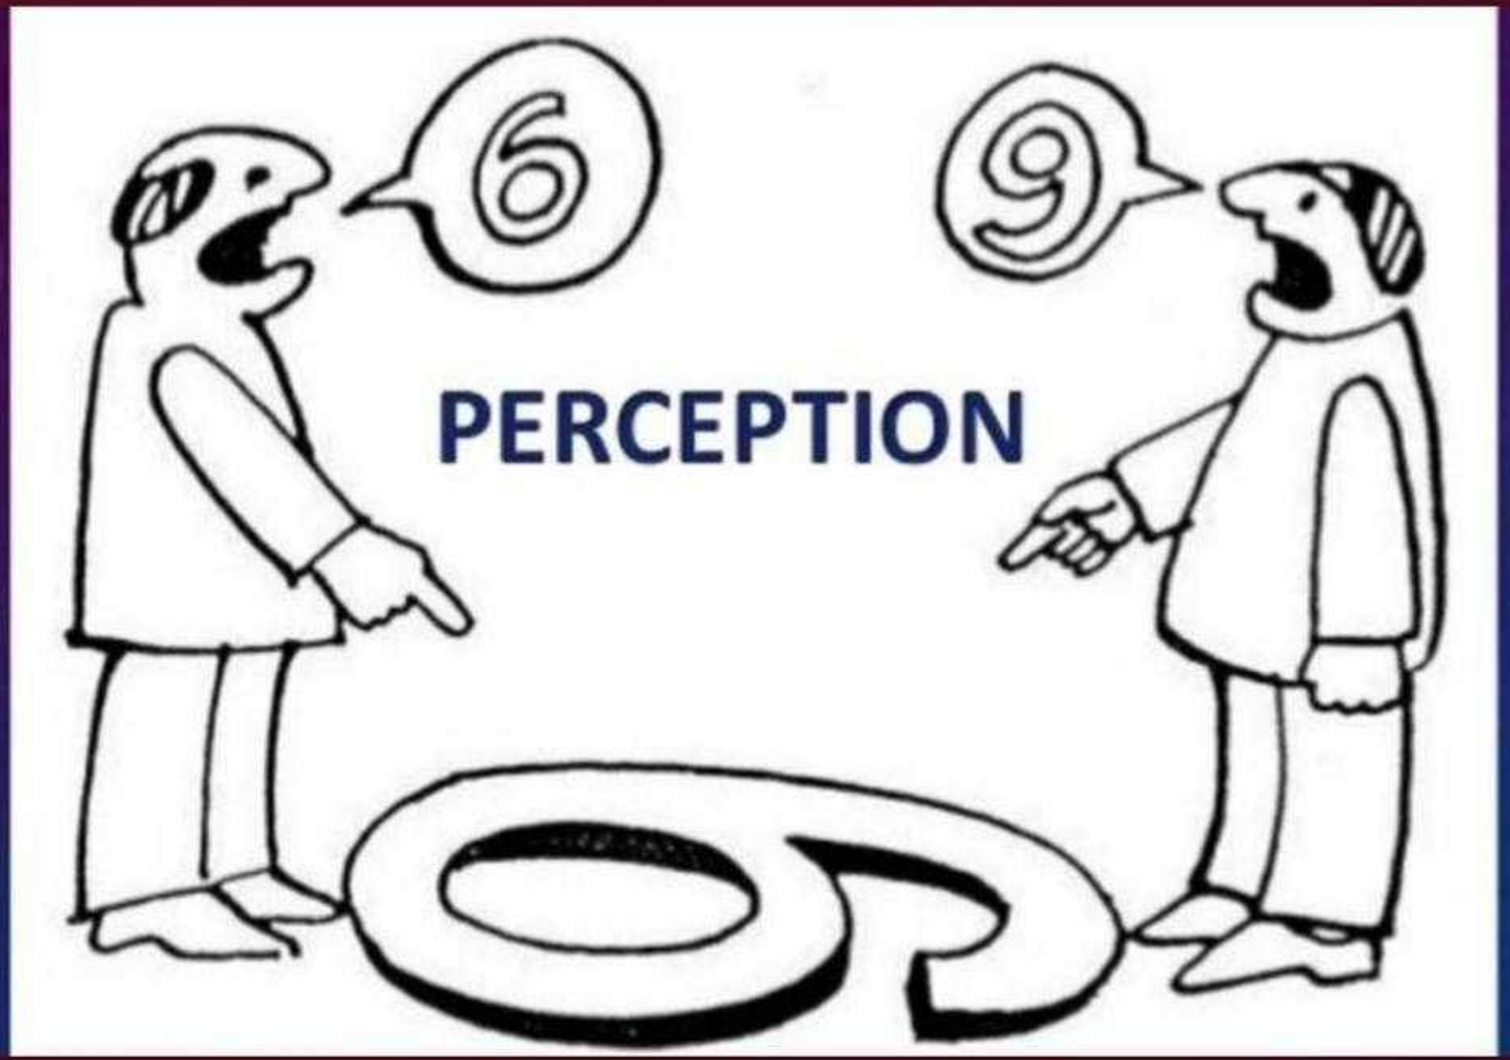

[redacted] Reaching Out or Overreaching: Judicial Ethics and Self Represented Litigants (AJS 2005)]

Biased or Skewed Perspective?

Biased or Skewed Perspective?

Perceptions & Expectations

Language as a Tool

> "Language is the most powerful tool in the courtroom. The words we use have meanings beyond the obvious – they influence attitudes, behavior and perceptions."
>
> Guidelines for Judicial Officers: Avoiding the Appearance of Bias, Judicial Council Advisory Committee on Access and Fairness, Orange County Bar Association Gender Equity Committee (August 2006).

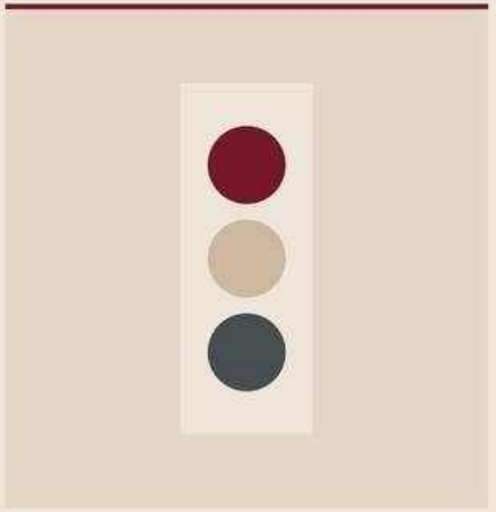

Be mindful of the tone and tenor of your voice

Slow down, it's not a race

Do you feel we have a role to play in educating the public?

slido

Real communication is
impossible without listening.
Ralph C. Smedley
quotefancy

Importance of Effective Communication

- Provides opportunity to be heard
- Promotes order, decorum & confidence in judiciary
- Upholds integrity of the Court
- Assures accurate decision making

Nonverbal Communication

What do these judges project with their nonverbal communications & which judge would you like to appear before?

Courtroom Control

01

02

03

04

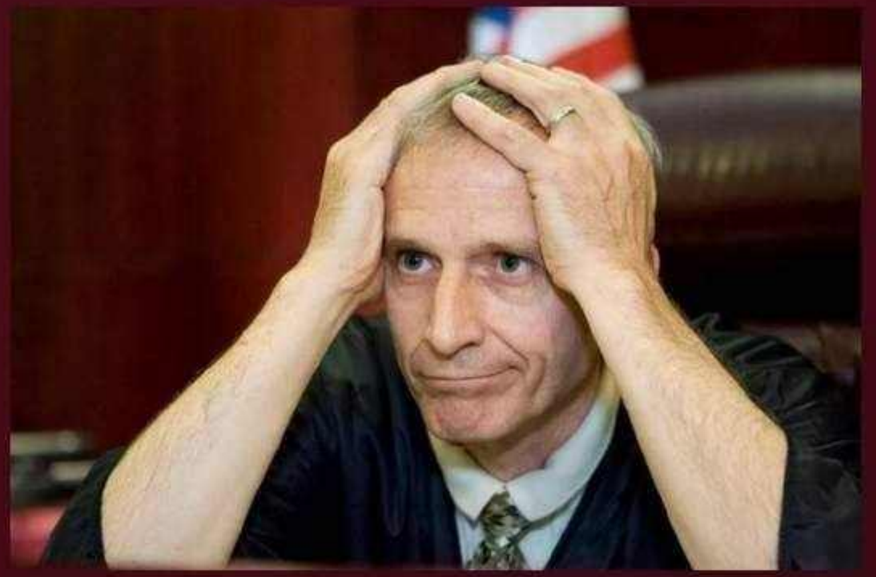

05

Judicial Demeanor

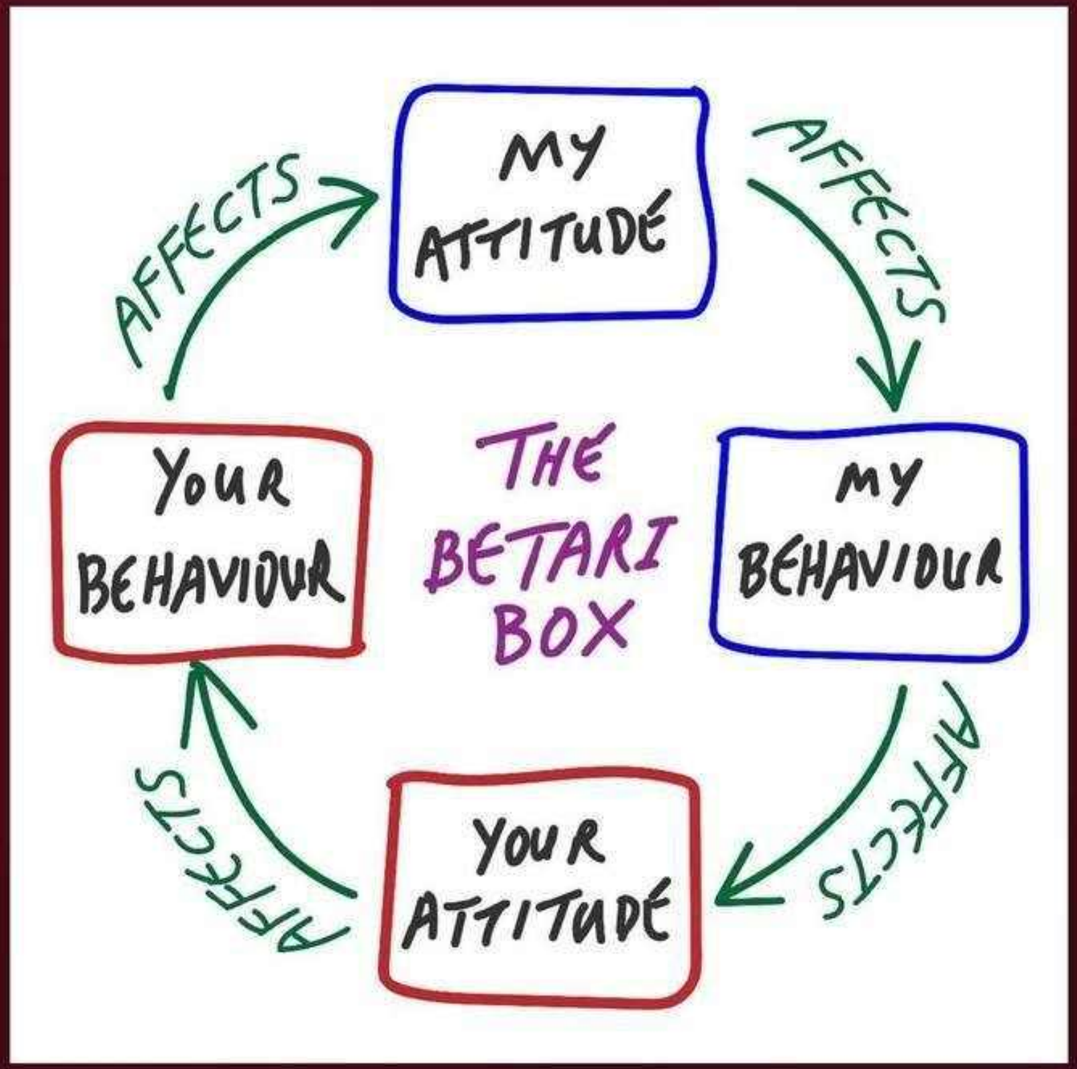

Identifying in advance your source(s) of frustration will have a positive impact on maintaining your composure when you inevitably encounter “that” behavior/situation in the courtroom.

3:00 p.m.

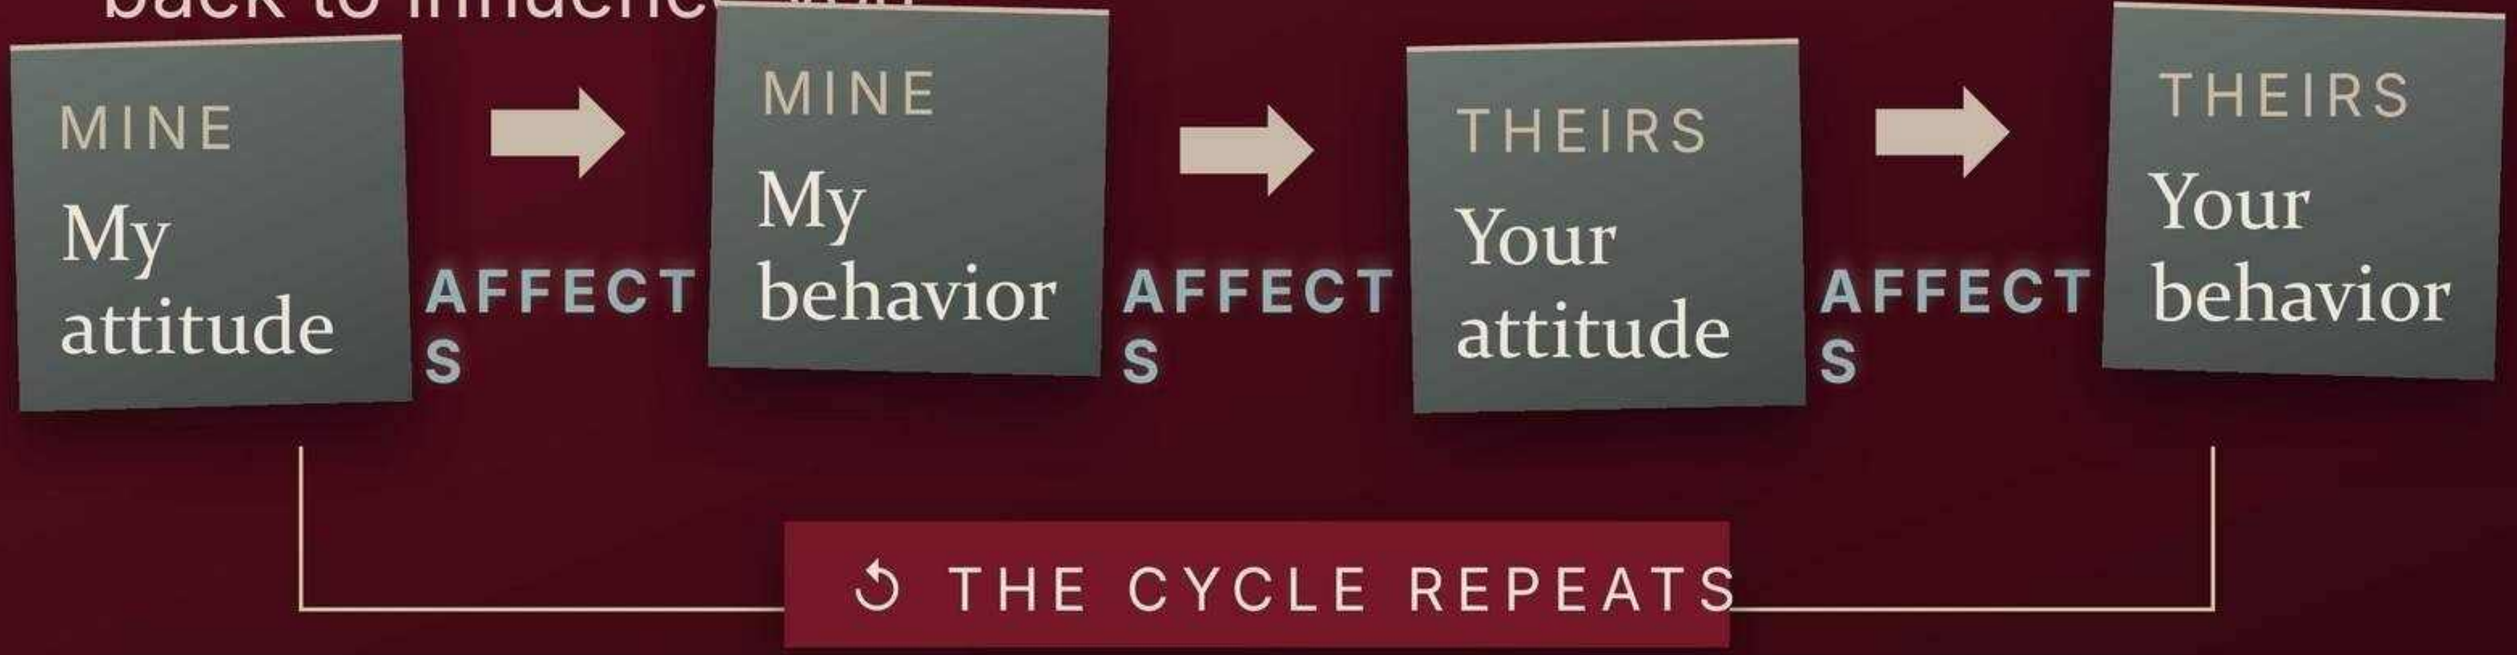

BEWITCHING HOUR

What the heck is a Betari Box?

A “Betari Box” is...

a visual model to show how your attitude affects your behavior, which then shapes another person’s attitude and behavior, completing a repeating cycle that loops back to influence you

Opening Statements

01 Best practice is to give one

02 Explain possible pleas

03 Explain PBJs

04 Explain opinion on potential defenses

05 Advise that MVA imposes those points, not the court

06 State post trial rights

07 State where the cashier's window is located

08 School bus cases / red light camera and work zone

BINDER pp. 36–37

How to Call a Docket

01 The crying baby

02 The interpreter

03 The Sovereign Citizen/Disruptive Litigant

04 Waiver Hearing vs. Trial

05 Missing/late arriving Atty/Witness/Defendant

06 Fines & Court Costs (Deferred payments)

07 Consistency

DISCUSSION

High Volume Dockets

Different opening statements? Does one size fit all?

What time savers have you developed?

What do you do when you are locked out of MVA records access?

How are you efficient?

What techniques do you use to increase your eye-contact and avoid being rote?

The Unhappy Traffic Court **Defendant**

01 You just found the defendant guilty of speeding even though he testified that he could not have been speeding

02 The defendant is upset and begins arguing with you

03 To your chagrin, you find yourself arguing back

What do you do when faced with the unhappy defendant or victim?

The Slido app must be installed on every computer you're presenting from

slido

The Unhappy Traffic Court **Victim**

01 The defendant enters a not guilty plea to negligent driving

02 After hearing the evidence, you find the defendant not guilty, and the outraged victim/witness is outraged and yells “this is bullshit.”

03 To your chagrin, you find yourself arguing back

What do you do when faced with the unhappy victim?

The Slido app must be installed on every computer you're presenting from

slido

Disruptive Litigants Best Practices

01 Refer to litigant by their name of choice

02 Afford the litigant all the rights they are due

03 Pick your battles (refusal to stand / take off hat etc…)

04 Keep calm & DO NOT RAISE YOUR VOICE

05 Hold the case until the end of the docket

06 Use contempt as last resort

07 Notify security: alert them to presence of DL

BINDER pp. 35, 38–39

Mental Health Disorders: Potential Strategies

01 Don’t take anything the person says personally

02 Attempt to de-escalate if person is overly-excited

03 Allow person to speak; be patient

04 Be firm but kind

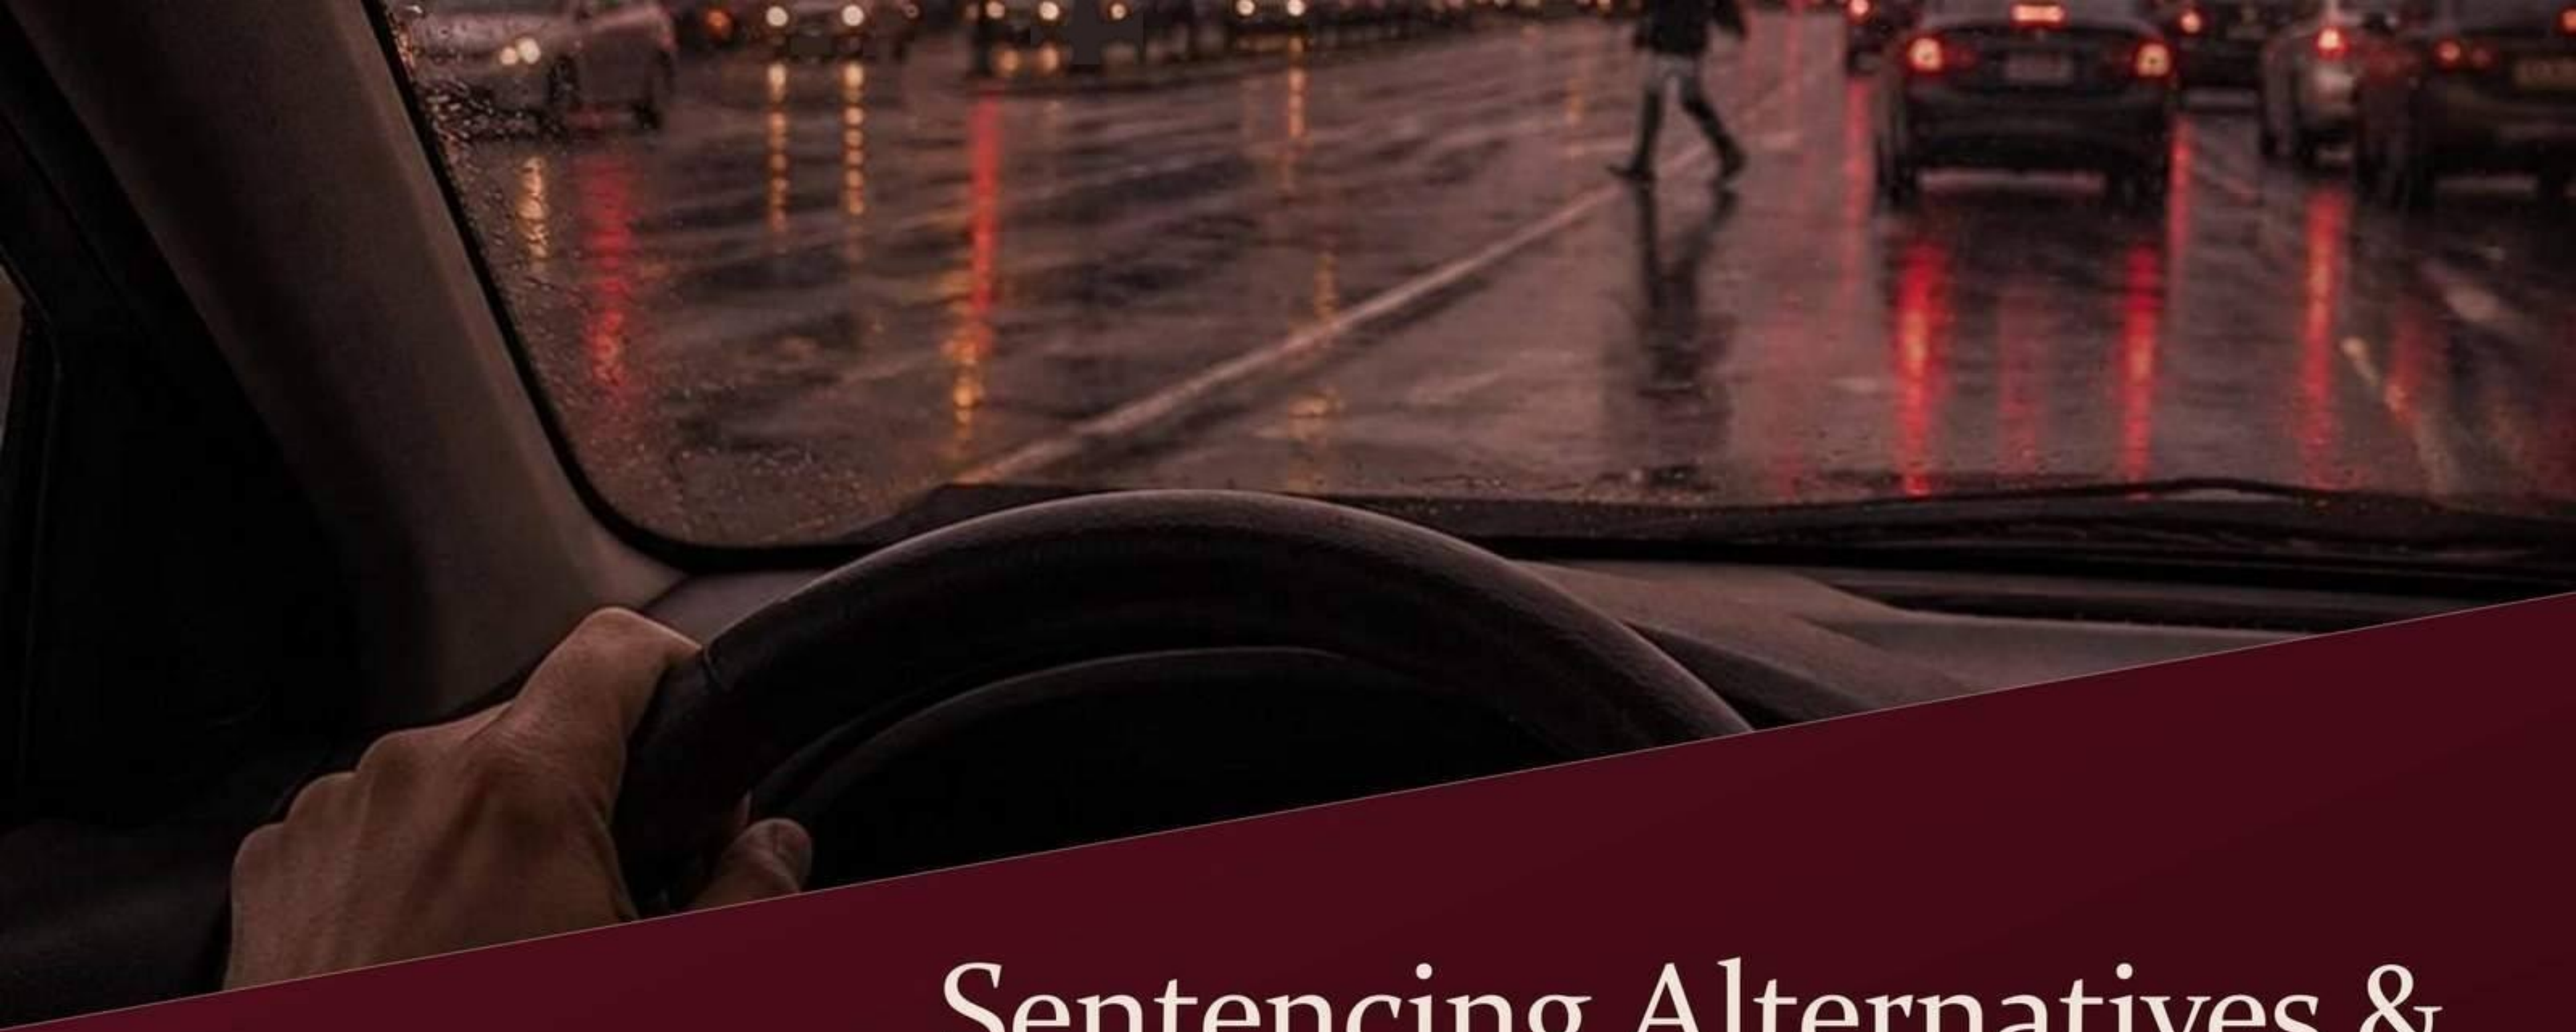

05 Know when it’s time to redirect; when to disenga

One Final Thought

> “Making a decision is a sign of authority; explaining a decision is a sign of respect.”
>
> F. Schauer, Giving Reasons, 47 Stanford L.R. 633 (1995)

Class of 2021

BINDER p. 40

4
HOUR CLASS

Positive Alternatives to Dangerous and Destructive Decisions

A class for impaired, distracted, speeding and reckless driving, described by the provider as court-approved. Online statewide since 1995.

Source: PADDD flyer and trifold.

Positive Alternatives to Dangerous and Destructive Decisions (continued)

Real-life impact

Participants hear directly from speakers whose personal experiences show the serious and lasting consequences of unsafe driving decisions.

Accountability

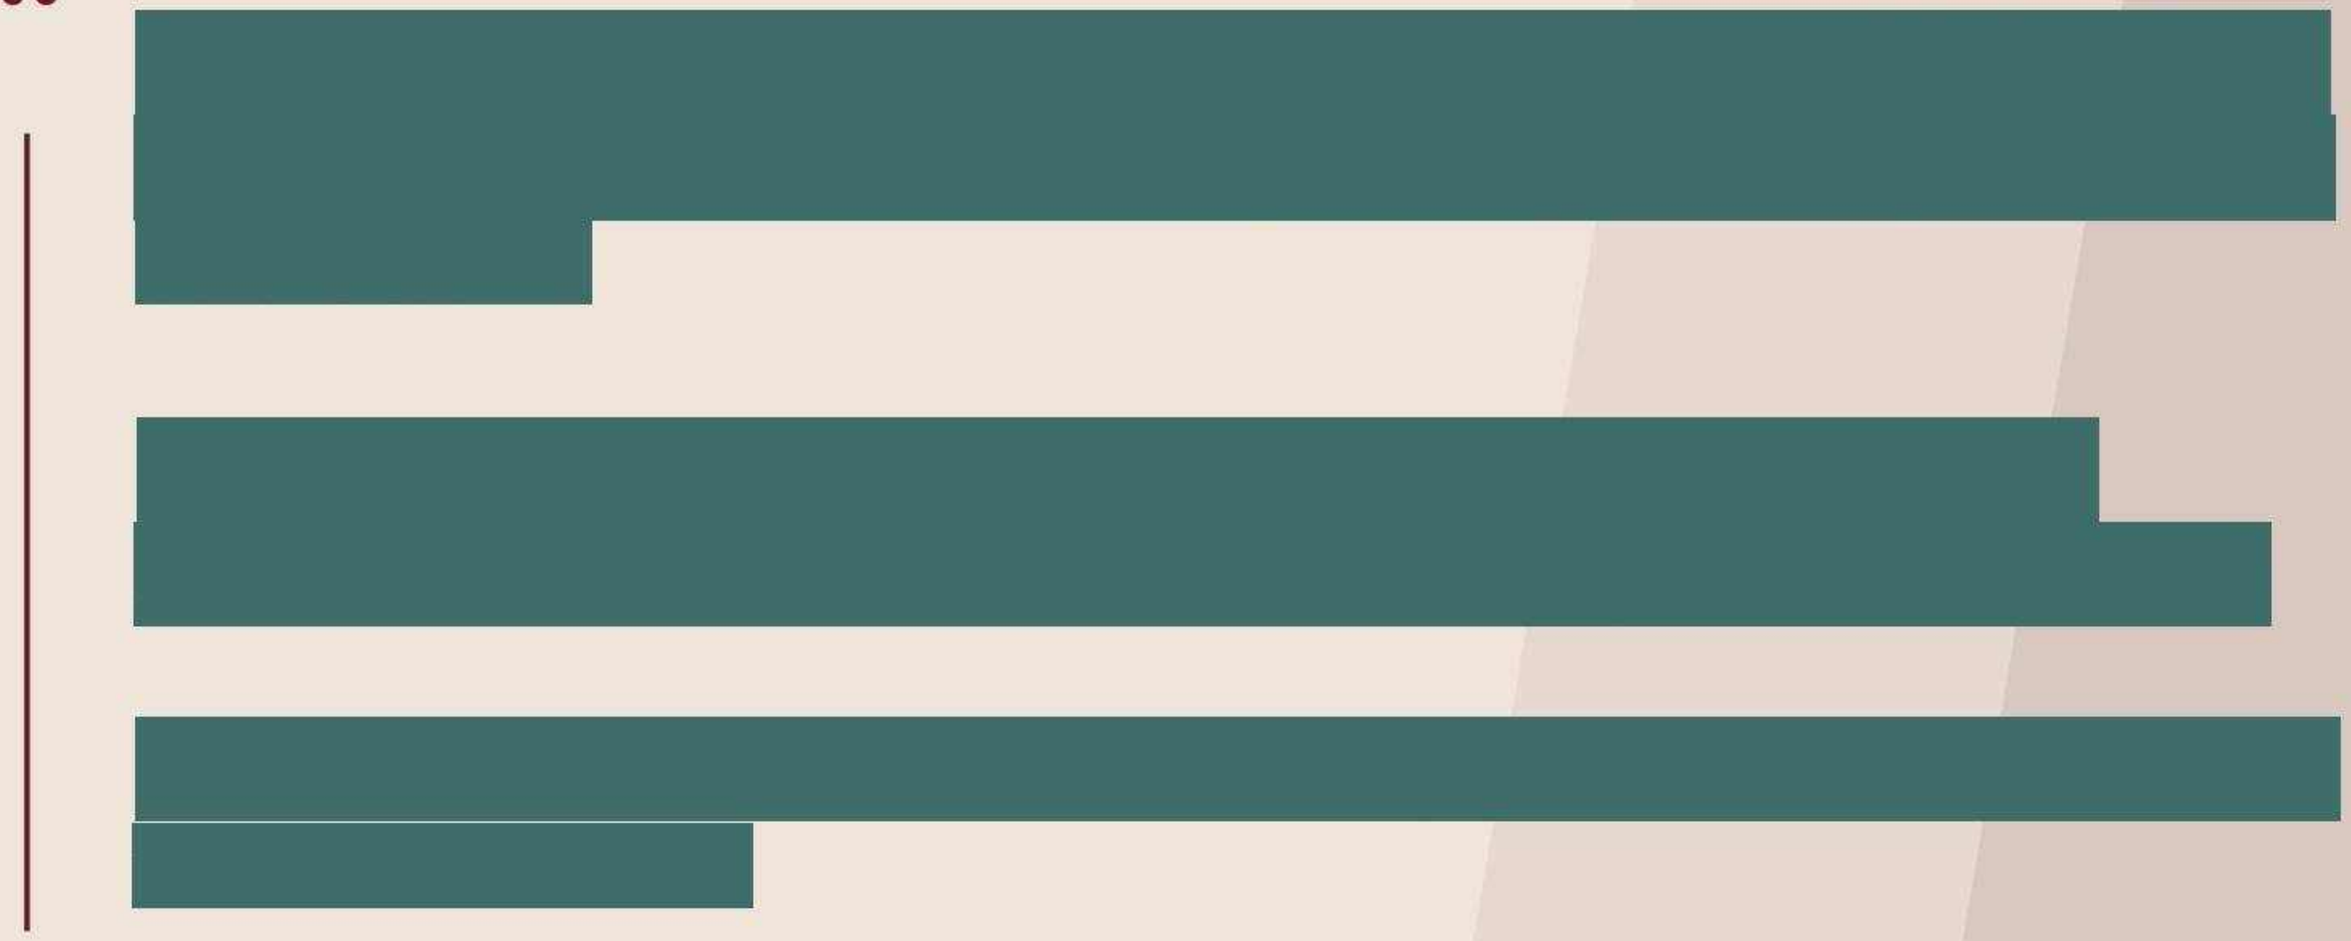

Participants complete all program requirements. The goal is meaningful participation, not simply registration and receipt of a certificate.

Source: PADDD flyer and trifold.

POSITIVE ALTERNATIVES TO DANGEROUS AND DESTRUCTIVE DECISIONS

Before the class

A PADDD student's letter, supplied by Judge [redacted] mark cuts. Full letter: binder pp. 51–53.

BINDER pp. 51–52

After the class

"

A PADDD student's letter, supplied by Judge [redacted] mark cuts; emphasis added. Full letter: pp. 33–35.

MVA Driver Improvement Program

Assignment	MVA (5–7 points); OAH; a District Court judge; or another state's MVA.
Providers & class options	Third-party providers in all 24 jurisdictions. In person or online (self-paced). Online classes in English and Spanish
Time & cost	4–8 hours. Approximately $60–$100, depending on provider.

MVA DIP: Content & Completion

Course content

Point system, traffic laws and regulations

Impaired, distracted, aggressive and fatigued driving

Safe and defensive driving practices

Final exam

At least 20 multiple-choice questions

80% or higher to pass

No same-day retest; follow the provider's retest schedule.

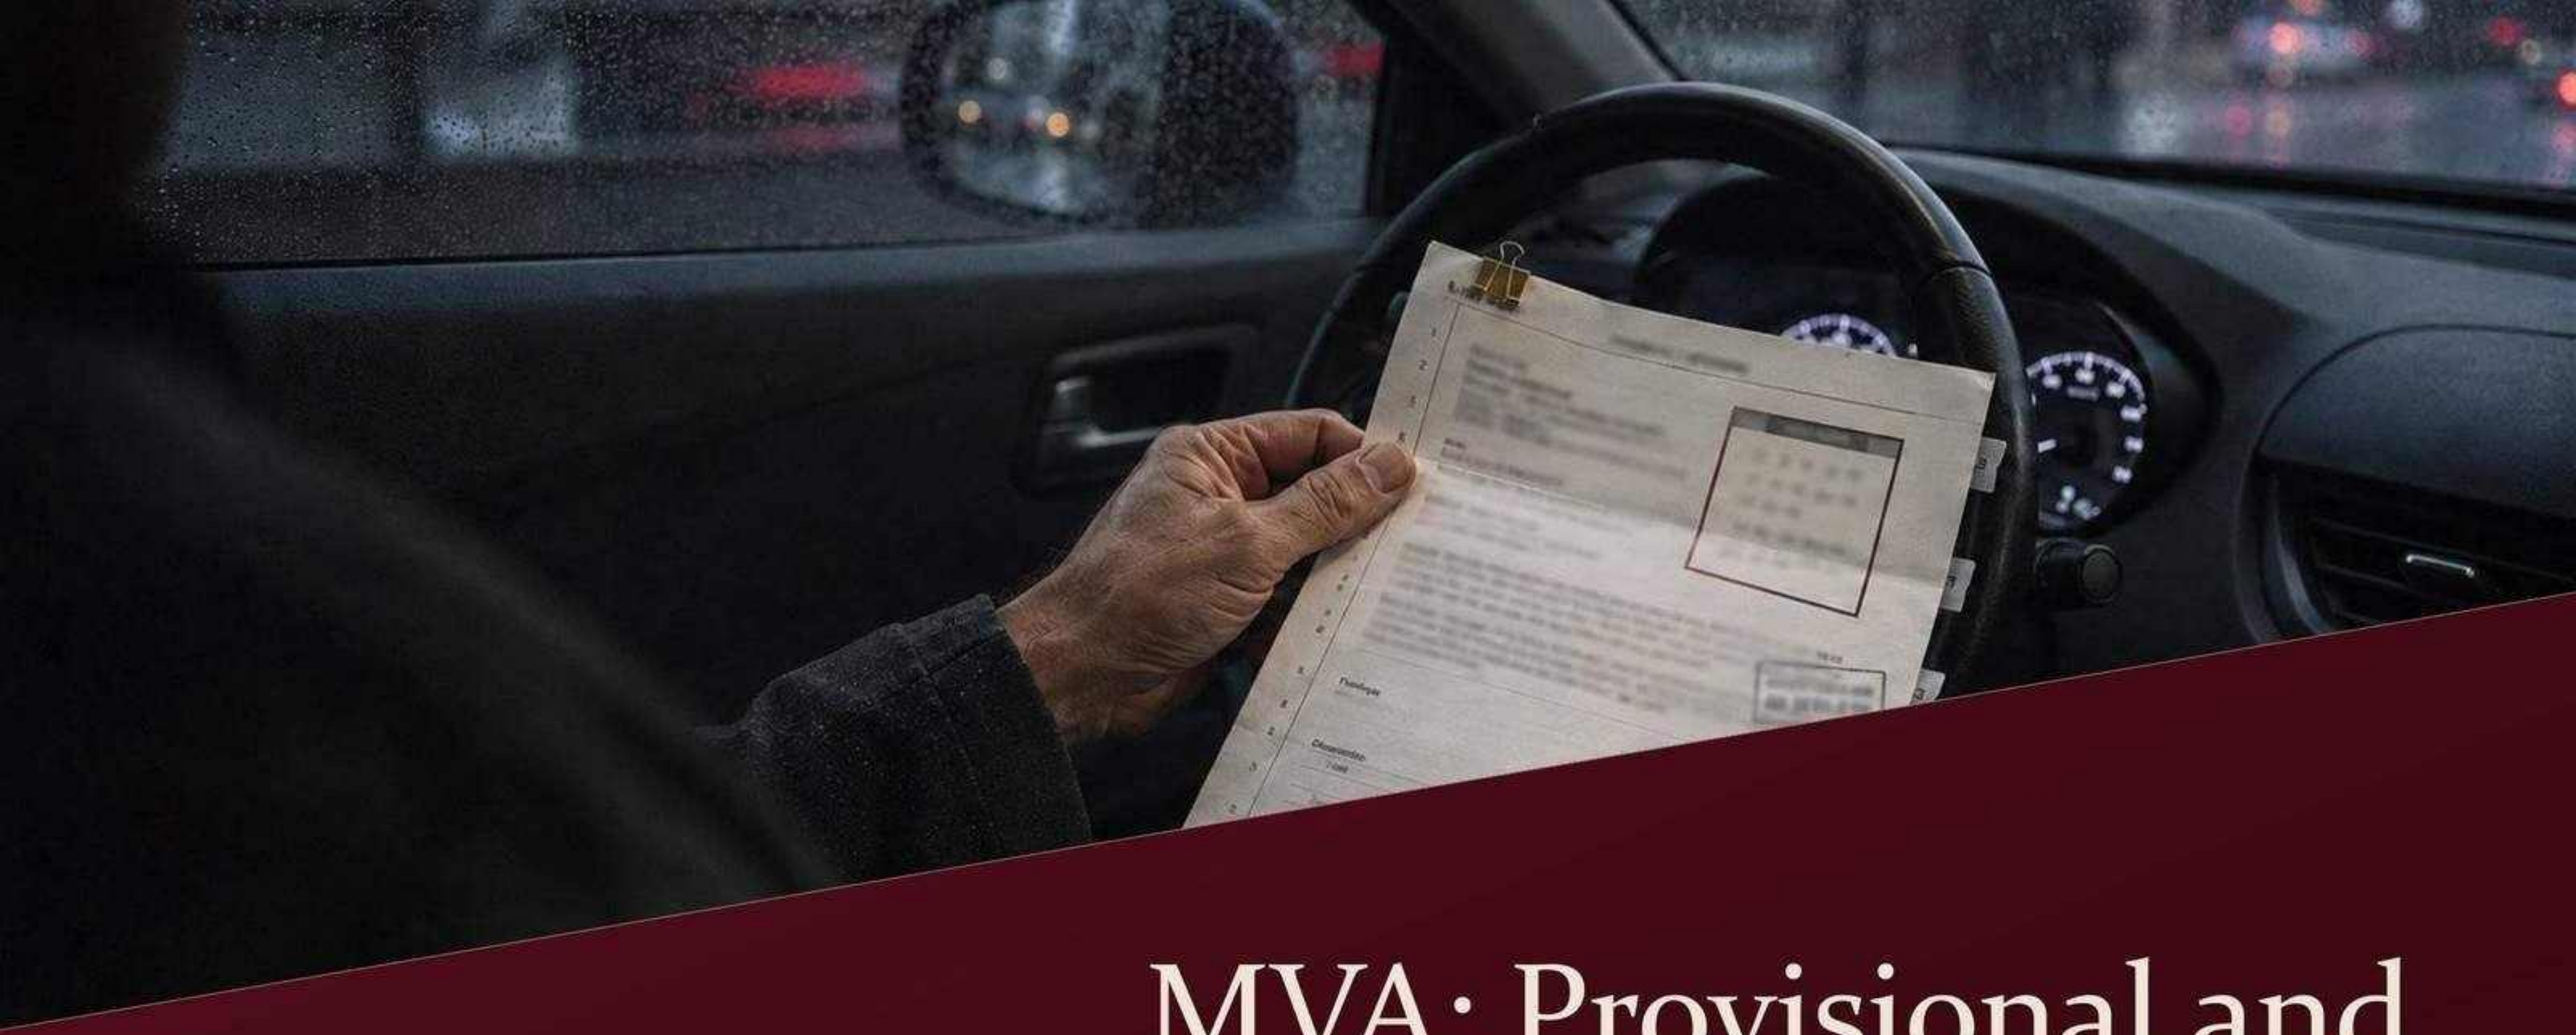

OPTIONAL DISCUSSION

Debrief

11:00 – 11:10

Break

MVA: Provisional and Out-of-Country Licensing

Ms. G · *Maryland Motor Vehicle Administration*

The provisional license is the second step

01 Learner's permit

02 Provisional license

03 Full license

What it allows

Drive without a supervising driver, and build real-world driving experience.

What still applies

Important restrictions remain, to protect the driver and others.

Qualifying for a provisional license

Under 25	Under 18, or age 18 without a diploma or equivalent: at least 9 months after the first permit.
	Age 18 with a diploma or equivalent, or ages 19–24: at least 3 months after the first permit.
	A moving-violation conviction or PBJ also requires 9 months after the most recent disposition.
Ages 25+	No moving-violation conviction/PBJ: ≥45 days after the first permit.
	With a moving-violation conviction or PBJ: at least 9 months after the most recent disposition.

Qualifying for a provisional license (continued)

Driver education and practice	All applicants: ≥30 classroom hours + ≥6 hours of driving instruction.
	Under 25: 60 supervised practice hours, including 10 at night.
	Ages 25+: 14 supervised practice hours, including 3 at night.
Under-18 consent	A parent, guardian, or co-signer must consent. That consent may be withdrawn.

Under 18: five operating restrictions

PASSENGERS

For the first 151 days, no passengers under 18 unless they are immediate family members. Otherwise, a qualified supervising driver must be in the car.

MIDNIGHT–5 A.M.

No driving during this window unless accompanied by a licensed, experienced driver (at least 21 years old with 3 years of driving), or traveling to or from work, an official school activity, an organized volunteer program, or an athletic event or training.

PHONES & DEVICES

No handheld or hands-free wireless telephone use while driving, except to contact 911.

SAFETY BELTS

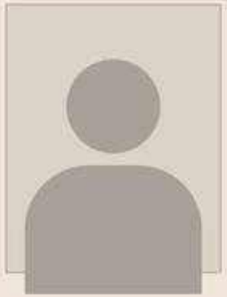

The driver and every passenger must use a seat belt or child safety seat.

ALCOHOL

No measurable alcohol in the driver's system.

Age 18+: alcohol restrictions

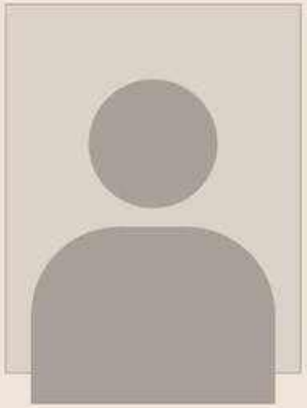

UNDER 21

Restriction

No measurable alcohol may be present in the driver's system.

AGE 21+

Restriction

The driver must follow Maryland's impaired-driving laws.

Breaking a provisional-license restriction

Passengers

MVA may suspend for up to 1 year or revoke.

Nighttime driving

MVA may suspend for up to 1 year or revoke.

Phone use

MVA may suspend for up to 90 days.

A hearing may be requested.

ALCOHOL RESTRICTION

1st Ignition interlock or 6-month suspension	2nd License revoked

BINDER p. 55

Moving violations: first offense

First offense · any provisional driver

MVA must require attendance at a Driver Improvement Program.

Points and fines may also apply.

What counts as an offense

A moving violation resulting in conviction or CP §6-220 PBJ, committed while provisionally licensed and before eligibility for a full license.

Moving violations: second offense and after

2nd

MVA may suspend for up to 30 days.

3rd

MVA may suspend for up to 180 days.

4th+

MVA may suspend or revoke for up to 180 days.

Under 18: second and third offense

02 Second offense

MVA may suspend for up to 30 days and impose an education-and-employment-only restriction for 90 days after the suspension.

03 Third offense

MVA may suspend for up to 180 days, require a Young Driver Improvement Program, and impose an education-and-employment-only restriction for 180 days after the suspension.

BINDER p. 55

Under 18: fourth offense; parental notification

04 Fourth or subsequent offense

MVA may revoke for at least 180 days and require the §16-110 examinations in addition to a reinstatement application.

Parental notification · Under 18

When a new driver is cited for a moving violation, MVA notifies the adult who co-signed the application.

Required suspensions

5 or more points in 12 months

6 MONTHS
First offense

1 YEAR
Second or subsequent offense

High-risk driving conviction

Reckless driving / negligent driving / aggressive driving / racing or a speed contest

6 MONTHS
First offense

1 YEAR
Second or subsequent offense

MVA must suspend. A hearing may be requested.

PARENTAL NOTIFICATION · UNDER 18

When a new driver is cited for a moving violation, MVA notifies the adult who co-signed the application.

Getting the full license

18

CLEAN MONTHS

A conviction or PBJ restarts the clock from the date you were convicted or given PBJ, or from restoration after a suspension or revocation.

Eligibility

At least 18 years old

Held provisional license at least 18 months

No convictions during those 18 months

Under 21: no alcohol-related offenses

After the eighteen months

Automatic conversion

MVA converts the license automatically and mails an attachment card. Carry it with the provisional license until the license expires.

New to Maryland

Licensed for fewer than 18 months → provisional for the remaining time.

Example: 12 months already held → 6 months provisional.

Exchanging an out-of-country license

Bring to your appointment

- Your license, valid or expired
- Proof of age, identity and residency
- Vision screening results
- Payment for required fees

Without the license

An issuing-authority driving record, accompanied by an apostille or an embassy letter verifying the record.

When it is not in English

An international driver's license or an English translation by an approved MVA translator.

Screening, education and testing

Vision screening

Complete vision screening at an MVA branch, or submit a DL-043A report that meets MVA's requirements for the application.

Driving education

Complete a 3 Hour Roadway Safety Driving Education Program if never licensed in the U.S.

Knowledge and skills

Pass knowledge and driving tests in a vehicle you provide.

The reference lists circumstances in which tests may

Testing waivers

Testing may be waived for these licenses if valid or expired for no more than one year:

American Samoa
Guam
Puerto Rico
U.S. Virgin Islands
Northern Mariana
Canada
Yukon Territor
France
Panama Canal Zone
Born before

Expired licenses and license type

Expired licenses

Expired licenses from South Korea, Germany or Taiwan require all tests.

For an expired Japanese license, confirm the applicable testing requirements with MVA under the reciprocity agreement.

License type

Licensed less than 18 months

Maryland Provisional License

Never held a license

Learner's permit

Federally noncompliant credentials

Individuals with foreign documentation but without valid USCIS documentation must schedule an online appointment to apply.

Maryland tax certification

- File Maryland income taxes for two years before seeking a driver's license.
- Request a Comptroller tax certification letter online or through a branch appointment.

Federally noncompliant credentials (continued)

Before the driving skills test

Foreign license not suspended or revoked: present it and complete the 3-Hour Roadway Safety program.

No foreign license: learner's permit, Maryland Driver Education and other requirements.

Lunch

Summary

Driver suffers from Parkinsons disease and was visibly shaking as well as having a hard time standing up. While pulling into a parking spot driver's foot slipped off of the brake and onto the gas pedal causing him to accelerate into the building resulting in significant damage.

MAB Recommendation

Emergency Suspension

Emergency Suspension

11.17.03.08

A. If the physical or mental condition of an individual indicates there is a **likelihood of substantial and immediate danger and harm to the individual or others if the individual's license is continued pending evaluation by the Medical Advisory Board**, then the individual's driving privileges shall be suspended pursuant to the provisions of Transportation Article, §16-206, Annotated Code of Maryland. The physical or mental condition may come to the attention of the Administration when:

(1) A physician's certificate is received by the Medical Advisory Board;

(2) The individual is referred to the Medical Advisory Board for any reason;

(3) The Administration receives information that a licensee has violated a restriction, limitation, or other requirement imposed as a prerequisite for issuance or reinstatement of a license; or

(4) When the Administration becomes aware of a serious medical condition in any other manner.

Break

Masking and CDL Implications

Judge R

DISCUSSION QUESTION

Defendant pleads guilty to speeding 78 mph in a 45-mph zone. Although he has one recent moving violation, you decide to give him a break by reducing the speed to 54 mph in a 45-mph zone making it a 1-point violation instead of 6 points. Any problem?

What if driver holds a commercial driver's license?

49 CFR §384.226

Federal law prohibits “masking”

STATE COMPLIANCE WITH COMMERCIAL DRIVER’S LICENSE STANDARDS

The State must not mask, defer imposition of judgment, or allow an individual to enter into a diversion program that would prevent a CLP/CDL holder’s conviction for any violation, in any type of motor vehicle from appearing on the CDL driver’s record.

Definition of "conviction"

an unvacated adjudication of guilt;

a determination in a court or administrative proceeding that a person has violated or failed to comply with the law;

a plea of guilty or nolo contendere accepted by the court;

the payment of a fine or court cost;

an unvacated forfeiture of bail or collateral deposited to secure the person's appearance in court;

a violation of a condition of release without bail, regardless of whether or not the penalty is rebated, suspended, or probated.

Why It Matters

Oath to uphold / follow the law

Correlation between commercial violators and crash risk

Maryland may lose Federal Highway funds

FEDERAL HIGHWAY FUNDS

4%

up to, after 1st year

8%

up to, after 2nd & subsequent years

HYPOTHETICAL

The Stop

FACTS

48-year-old Defendant, while driving home from a wedding in his family vehicle, is stopped for DUI

BAC = 0.05 & impaired by marijuana

No prior criminal or traffic record

Holds a CDL

QUESTIONS

How is Defendant charged?

Does the CDL status alter the disposition you would impose?

Is a PBJ available?

How is the Defendant charged?

QUESTION

What About PBJs for Commercial Drivers?

§16-803(d) Transportation Article

Maryland Commercial Driver's License Act

"Conviction"	essentially same definition as 49 CFR 383.5
+	probation before judgment

Prosecutor is willing to postpone case to allow Defendant to attend drug education program and do community service after which State will dismiss the case. Do you?

The Slido app must be installed on every computer you're presenting from

slido

DISCUSSION

Perhaps the correct answer is “Something Else” and you need more information

Alternatively, the prosecutor & defense attorney jointly ask you to accept a plea to negligent driving. Do you:

HYPOTHETICAL 1

Reckless Driving + Prior Speeding Record

THE CASE

A defendant under 20 appears before the court on a reckless-driving charge. The officer alleges that the defendant was traveling **72 miles per hour in a posted 40-mile-per-hour zone**. There was no crash or injury.

THE DRIVING RECORD SHOWS

Two prior speeding matters within the last three years.

- One resulted in probation before judgment (PBJ).
- One resulted in a two-point disposition/ conviction.

HYPOTHETICAL 1

For your table

1

How would you handle this case?

2

What sentence or alternatives would you consider for this young driver?

3

Would your decision be different if the record also showed a prior suspension under Transportation Article § 16-303?

SHOW OF HANDS

If this driver had a clean record, what would you do differently?

HYPOTHETICAL 2

High Speed + Prior Record

THE CASE

A 42-year-old woman appears before the court after traveling **92 miles per hour in a posted 65-mile-per-hour zone** on I-95.

HER DRIVING RECORD SHOWS

- Two prior suspensions
- One prior PBJ
- One Prior conviction
- One prior speeding ticket
- Current record with 5 points

Work and family circumstances – she explains that:

WORK

She works for Amazon and could be terminated if she is unable to get to work reliably or is repeatedly late.

CUSTODY

She has shared custody of her children and is their primary caretaker.

CHILDCARE

She has been dealing with childcare / daycare problems that have affected her transportation and schedule.

For your table

1

How would you handle this case?

2

What would your sentence be?

3

What, if anything, about this defendant's record or circumstances changes your decision from Hypothetical 1?

Thank you
